

ABOUT OUR APPRAISER NETWORK

Experienced, proven partner focused on your success

RPS is a leading Canadian provider of appraisal management and national real estate information. We service major banks, mortgage insurers, credit unions, and independent mortgage brokers. Our goal is to help our appraisal partners and their businesses be successful. Our appraisers receive continuous support and our national team is always available to help. Here are three reasons to work with us:

Work With Committed Professionals

Our appraisal management team consists of professionals with a deep understanding of the appraisal profession and extensive real estate industry experience, including realtor and appraiser designations.

Grow Your Business

RPS provides ongoing coaching and assistance to our appraisers and the opportunity to learn from an experienced management team with decades of first-hand appraisal experience.

Build Meaningful Relationships

We pride ourselves in having strong, long-standing relationships with our appraisal partners, and this energizes us to deliver the best tools and support available.

Our Advanced Technology

Our appraisal form technology, RPS FORMS, is a web-based application and was built on appraiser feedback. RPS FORMS:

- **Is intuitive**, so it's very easy to use
- **Has functionality that helps save you time; some examples include:**
 - Advanced address validation and correction when required
 - Quick and easy append functionality
 - Drag and drop photo capabilities, that allow you touring the photos directly to your report
 - Build-in mapping functionality
- **Enables you to be effective**, for example, because we leverage the cloud, we:
 - Ensure you never lose your work via our build-in auto-save functionality
 - Allow both the appraiser and cosigner to open and edit the report simultaneously
 - Permit the appraiser and supervisor to simultaneously view the report for easy review and coaching
- **Mitigate risk for you via:**
 - Form validation and rule messages, which are always visible during appraisal completion
 - Standardized forms that follow the association form layouts

RPS FORMS is part of a more complete package of tools to support you, including our mobile application and appraisal order-management portal. An online training manual and video tutorials are available to guide you every step of the way.

Get In Touch With Us

Joining the RPS appraiser team is a great opportunity to garner meaningful business relationships and to grow your business. **We look forward to working with you!** To inquire about employment opportunities, please contact appraiser.sign-up@rpsrealsolutions.com.
